Dear Friend,

A man asked me this question years ago, on November 5, 1946, "Son, if you were to die today, would you go to heaven?" Immediately my life flashed before my mind's-eye, and I said "No, I would not go to heaven."

Friend, what happened after that I would like to share with you. Someone said this "The first impulse in every healthy mind, upon hearing a good thing, is to pass it on to others." Not many people really care about things like I am going to share with you now. So, what would your answer be if you were to be asked that same question above?

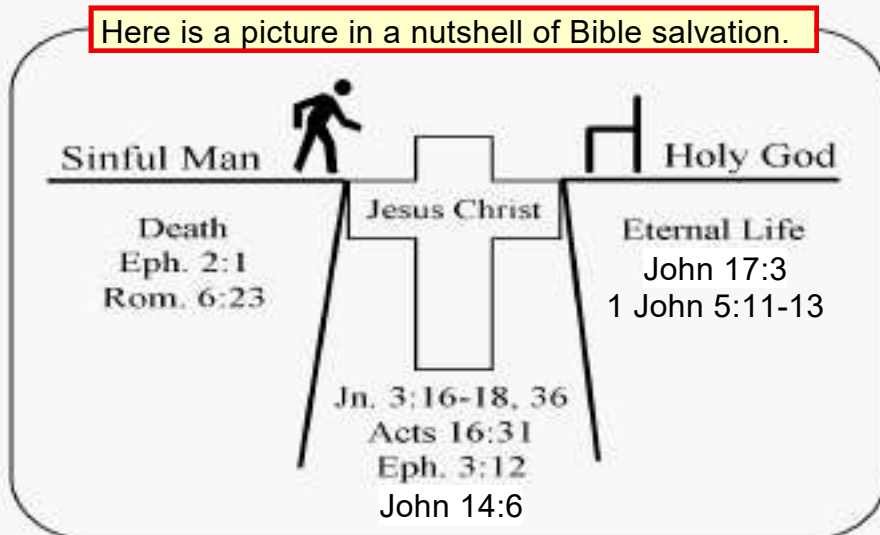

Everybody wants to go to heaven, unless they don't believe there is a God, etc. but that doesn't change what the Bible teaches about heaven or hell. What a person may disbelieve doesn't change anything.

Enclosed is a DVD that contains five excellent short videos that will explain to you in a clear, simple matter what the Bible, God's Word, says about how you can have the assurance of knowing that you will go to heaven when you die.

In the event you don't have a DVD player on your PC or TV, but you do have a cell phone; you can download the QR code app and scan this square thing and in just 12 minutes you will hear and see a clear cut, easy to understand message on how to go to heaven when you pass away. Or, you can write this on your internet browser and it will pull up most languages in the world. [www.yourfutureplace.org](http://www.yourfutureplace.org).

Here is a picture in a nutshell of Bible salvation.

Lastly, if you would like to contact me, here is my e-mail: [bama4u@bellsouth.net](mailto:bama4u@bellsouth.net).

If you e-mail me and ask to talk to me, I will give you my phone number and we can talk.

My friend, I have done my best to share with you how to get to heaven the Bible way. What you do with this information is your choice. To do nothing is a "no".

May God help you to make the right decision.

My regards,
